RTC

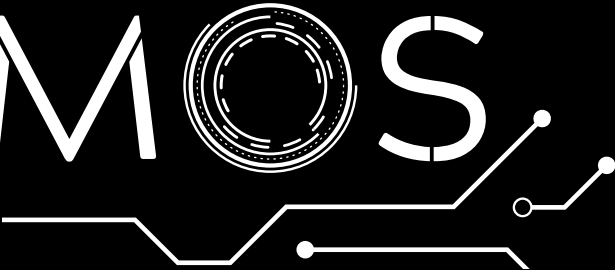

DEMOS
RTC

A stylized white graphic on a black background. It features a circular component with concentric dashed lines, resembling a lens or a sensor, positioned above a series of horizontal and diagonal lines that mimic a circuit board. Three small circles are placed at the ends of these lines, suggesting solder points or components.

DEMOS RTC

A stylized white circuit board graphic on a black background. It features a central circular component with concentric rings and a dashed line, resembling a lens or a sensor. To the right of this component is the text "RTC". Below the text and component, there are several horizontal and diagonal lines representing circuit traces, ending in small circles that represent solder points or components.
